**Note:** Contractor must be an "Energy Trust Ally" to offer ETO incentives.

**Note:** For homes replacing electric resistant heat only (Examples include: Baseboards, Ceiling Cable, Wall Heat or Electric Forced Air Furnaces).

**Note:** In order to receive an incentive from ETO, contractor must have an active OCCB license.

## Heat Pump Advanced Controls

### RUUD EcoNet Thermostats

Thermostat	Description	OR ETO
UETST601SYS	Econet Control Center	\$250

### Honeywell Thermostats

Thermostat	Description	OR ETO
TH8320R1003	3HT/2CL Heat Pump Programmable-Vision Pro	\$250
THX9421R5021	4HT/2CL Heat Pump Programmable-Prestige	\$250

### Ecobee Thermostats

Thermostat	Description	OR ETO
EB-STATE3LTP-02	3 Lite Pro	\$250
EB-STATE4P-01	4 Pro w/Alexa	\$250

**Note:** Must be combined with a new or added to an existing heat pump with electric furnace auxillary heat.

**Note:** Thermostat must be set to 35 degrees fahrenheit lockout or as close as possible.

**Note:** Cannot be combined with other controls incentives or ducted heat pump incentives.

**All information subject to change without notice. Always consult AHRI for updated ratings.**
