

# NEW PRODUCT UPDATE & FTQ AIR HANDLER TRAINING

THURSDAY  
**JULY**  
**18TH**

Come visit our state of the art facility for a unique two-part training opportunity! The new product presentation (11:00am-12:00pm) will cover Daikin's new product offerings for 2019, as well as the features & benefits that these products bring to the market. After lunch we will be hosting an applications & controls course that focuses on the installation and setup of the new FTQ multi-position air handler heat pump system. Attendees are welcome to attend either one, or both sessions depending on what they feel is appropriate.

**CLASS COST: FREE**  
**LUNCH & TRAINING MATERIALS PROVIDED!**
