boldr pro

Boldr Pro supports your business with intelligent controls designed for Pros.

Built with the Pro in mind, these advanced features prevent nuisance callouts, ensure system health, and improve unit performance. No subscriptions fees. Ever.

The Boldr ProApp

The Boldr ProApp is built for mini–split pros. Set up controllers in minutes – no Wi–Fi needed. Track installs and unlock Pro features after setup such as:

Multi User / Multi Property

Prevent multi–head systems from entering mode conflict. Ensure smooth operations without nuisance call outs.

HealthCheck AI

Monitor how the unit's efficiency decays over time and get alerts for maintenance checks directly on the App.

ComfortZone AI

Eliminate deadband issues, temperature swings and temperature under/overshooting. Prevent temperature under/over shooting from improperly sized systems.

ProWarranty

No registration required. The device is automatically registered for the Exclusive Pro 5–year limited warranty.

5 YEAR PRO LIMITED WARRANTY

Designed for Pros

Installing the ProPack unlocks the Boldr Partner Program—more customer touchpoints, faster installs, increased revenue, and stronger relationships.

ProSupport

Fast support, just for Pros. Exclusive phone number, email, live help, and Pro training, just for you.

ProBranding

Keep your business front and center. Your logo and details appear in the app and on–screen, so customers contact you first and share error codes before you arrive.

→ Install Monitoring

All your installs and customers in one place. Monitor unit health, last commands, warranties, and maintenance from a single point. Easily schedule customer call-outs.

→ BoldrWeb Platform

Total desktop control for your property —residential or commercial. Monitor energy, track health, automate, predict maintenance, and set temps with ease.

Install the Pro Way

SNAP LOCK PUNCH METAL

Malco's SL1R Sheet Metal Snap Lock Punch raises a louvered shaped projection on metal edges for quickly locking metal pieces securely together. Punch impressions are spaced 3/8 in. from the metals edge. The heavy forged cutting jaw has a rust resistant nickel plate and black oxide finish.
